

# Computer/Web/Programming Technology

This course meets UC/CSU requirements for College Prep Elective (g) credit. Advanced College Credits: This course participates in an articulation with Chabot College. Students will get an introduction to computer programming and web development. Students will study preparation materials for the A+ and Network + Certification exams. These certifications are designed to document an applicant's knowledge of basic PC troubleshooting, networking and repair techniques. Students will understand the variety of occupations in the information technology sector.
