

Welding and Metal Fabrication

Advanced College Credits: This course participates in an articulation with Chabot College. This course is designed to provide students with entry-level skills required in the various metal working occupations. Areas to be covered include oxygen-acetylene gas welding, tungsten inert gas (TIG), metallic inert gas (MIG), stick electrode arc welding processes, spot welding, drafting and blueprint reading, sheet metal forming processes, metal working power tools and hot and cold metal fabrication. Become skilled in this high tech industry!
